Further, I believe that the first John (a) had died, perhaps a short time before the younger John (g) was born. This could also explain why the older John (a) is not accounted for in the 1840 census record that I think is of this Henderson family.)

John Henderson and Jane (Steele) Henderson

Posted 02 Aug 2011 by HHfamily

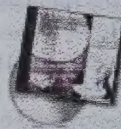

John Henderson and Jane Henderson bought and sold land in Venango Co PA (1826-1843). Have copies of the deeds. He signed his name as John Henderson Jr. Most probably, John M was their son (listed as 9 in the 1850 census when James was about 18). It appears that they had 2 sons named John, with one older than James. They moved to Ohio more than once (lived in Tunnel, Barlow and elsewhere unknown). In 1862 they bought 120A of land in Brown Co IN with a loan from William Sharp, also of Barlow, Ohio. Have copy of the mortgage. It appears this land was for their son John M who married Adeline Taylor in Brown Co in 1864. It appears that she was also from Ohio and, in addition, that John M may also have borrowed from Wm Sharp. The 120A was sold in 1874 by John M and Adeline. John's and Jane's daughter Amanda Henderson married in Brown Co in 1865. Also, a granddaughter Susan Henderson married in Brown Co in 1866. Have copies of the 3 marriage certificates.

Their son William (my GGF) and wife Sarah Jane Spence Henderson lived in Brown Co from 1864 till 1874. Have copies of the deeds they took or conveyed. John M died and his estate was probated in May, 1876. Have copies of his estate records. I am still looking for where John and Jane Henderson died. William and Sarah moved to Christian Co IL and then to Bartholomew Co IN where they died in 1911 and 1910 respectively. Have copies of their death certificates. In 1864, while in Bellsville IN, William and William's oldest son John volunteered for Co. K. 29th Ind. Inf. and served about a year. Several of William's and Sarah's children lived and died in Columbus, Bartholomew CO IN.

Any info you have on your GGGF (son James Henderson) might help me find where John and Jane died. They moved many times and repeatedly bought land. Most of this family lived into their 80's or 90's. Good genes.....

John Henderson and Jane (Steele) Henderson

Posted 02 Aug 2011 by HHfamily

John Henderson and Jane Henderson bought and sold land in Venango Co PA (1826-1843). Have copies of the deeds. He signed his name as John Henderson Jr. Most probably, John M was their son (listed as 9 in the 1850 census when James was about 18). It appears that they had 2 sons named John, with one older than James. They moved to Ohio more than once (lived in Tunnel, Barlow and elsewhere unknown). In 1862 they bought 120A of land in Brown Co IN with a loan from William Sharp, also of Barlow, Ohio. Have copy of the mortgage. It appears this land was for their son John M who married Adeline Taylor in Brown Co in 1864. It appears that she was also from Ohio and, in addition, that John M may also have borrowed from Wm Sharp. The 120A was sold in 1874 by John M and Adeline. John's and Jane's daughter Amanda Henderson married in Brown Co in 1865. Also, a granddaughter Susan Henderson married in Brown Co in 1866. Have copies of the 3 marriage certificates.

Their son William (my GGF) and wife Sarah Jane Spence Henderson lived in Brown Co from 1864 till 1874. Have copies of the deeds they took or conveyed. John M died and his estate was probated in May, 1876. Have copies of his estate records. I am still looking for where John and Jane Henderson died. William and Sarah moved to Christian Co IL and then to Bartholomew Co IN where they died in 1911 and 1910 respectively. Have copies of their death certificates. In 1864, while in Bellsville IN, William and William's oldest son John volunteered for Co. K, 29th Ind. Inf. and served about a year. JAMES SCENCE HENDERSON
S/O JOHN & JANE[← BACK](#)

Mrs. Ann Rebecca Henderson

Posted 24 Jul 2011 by HHfamily

The following is taken from The History of Montgomery County (Kansas) 1903.

MRS. ANN REBECCA HENDERSON -

In April, 1871, James Henderson and his wife, Rebecca, left Warrensburg, in Johnson county, Missouri, and brought their family of five children through to Kansas in a wagon. They settled in Montgomery county where Mr. Henderson entered land in section 10, township 31, range 16, on which a cabin 7x10 had previously been built, and into this a portion of the family belongings were stored. Between the cabin and the wagon-box, the household found shelter the first summer, when a more pretentious log house, 20x20, was erected, in which the family was housed the succeeding four years. The work of farm development began at once with the settlement of the Henderson place. During the earlier years, fences were put up, buildings were erected, and orchard and shade trees set out and, as their circumstances would warrant, more land was added to the home. Before his death in 1898, Mr. Henderson owned a tract of two hundred acres, successfully tilled, and well and substantially improved.

Mrs. Henderson was born in Wood county, Virginia, January 27, 1814, and left that state with her parents for Washington county, Ohio, when ten years old. She was a daughter of Silas and Elizabeth (Raines) Malcom, native born Virginia people, farmers and residents near the city of Charleston. Silas Malcom was a son of William Malcom, a Virginia gentleman with Scotch forefathers.

The children of William Malcom were: Robert, John, William, Silas, Elizabeth, and Mrs. Polly Dixon.

Silas Malcom's children were: William, Mrs. Emeline Howell, James, Mrs. Mary Neal, Mrs. Sarah Daugherty, of Columbus, Ohio; John, who was killed in the Civil war; Mrs. Rebecca Henderson, Andrew, of Cal.; Horace, Mrs. Nancy Wright, of Marietta, Ohio, and Silas, of Cal.

Ann Rebecca Malcom was married July 4, 1858, to James Henderson, her late husband.

He was born in Columbiana county, Ohio, November 27, 1831. and passed his life in the States of Ohio, Pennsylvania, Missouri and Kansas. He enlisted in the Ohio National Guard, compny 'K', 148th regiment, under Capt. Wolcott, Col. Thomas Moore.

The next year after the war closed he moved to Johnson county, Missouri and, five years later, came to Montgomery county, Kansas.

He was a son of John and Jane (Steele) Henderson, natives of Pennsylvania, who reared other children, as follows:

William, Rachel, who married Benj. Ray; Allen, Smith, John, Mrs. Sarah Crail, Henry, Mrs. Amanda Crouse and Robert.

The children of Mrs. (Ann) Henderson are: George, Charles, of Oklahoma, with children : Alphonso F., Alta, Flossie and James; Mrs. Frances Phelon, deceased; John, of Montgomery county; Mrs. Elizabeth Johnson, of Neodesha, Kansas, with two children: (Myra and Joy); Alonzo, of Neodesha, with (two children: Pauline and Harold); Mrs. Etta Hurst, of Neodesha, without child, Jaynell; Mrs. Mrytle Wescott, of Wilson county, Kansas, and Franklin and Ida with the family homestead.

M. R. Hunter, Car Pioneer, Dies at 89

M. R. Hunter, 1019 N. Alabama, probably the oldest automobile mechanic in the nation, died yesterday in his home. He was 89.

Mr. Hunter, who pioneered in the automotive industry, assembled what was believed to be the first car ever put together in this country. It was modeled after a German car and cost about \$25,000.

WHEN IT WAS taken to Chicago for exhibit in 1893, the mayor of Chicago had to give permission for it to be used on the street. He did so providing he could have a ride in the one-cylinder horseless carriage.

The car is now on exhibit in the Children's Museum.

Mr. Hunter continued to work on cars his entire life. He was born in Hamilton County, but lived here almost all of his life.

He retired about 10 years ago from his firm, the M. R. Hunter Auto Co., but kept an interest in the automobile industry. In the early years of the industry, he was a consultant to many of the large firms still operating today.

Services will be at 11 a. m. tomorrow in J. C. Wilson Chapel of the Chimes, with burial in Fortville.

Surviving is his wife, Addie.

Hi All,

As you no doubt have surmised I'm catching up on my correspondence the easy, so forgive me if wome of you have heard parts of this before. Looks like this will go 'round the world via satelite to New Zealand, France, Hawaii, Florida, Missouri, Indiana, Maryland and Connecticut.

My routine doctor visit in May resulted in an AOK report. I even had somehow managed to lose 5 pounds. And I didn't just get a haircut-I've moved back one whole notch in my belt. I was not, however, overjoyed, when on my way home, I rear-ended a pickup truck and totled my beloved '93 Mercury Sable. No one was hurt, and I hitched a ride home with the woman driver of the pickup. Although the car in front of the pickup had stopped suddenly and the wtreet was wet from rain, I realized that my very poor eyesight was also a big contributing factor. So now I have further curtailed ny driving and good Rick has become my chauffer much of the time. For a while I shared his '93 Mazda 5-speed stick with his daughter Carmen. The arrangement didn't work so well for her. Any drove me to a used car lot where I found a '97 Ford Taurus with low mileage. Its controls are similar to my old Merc, and now it's mine. So much for doctors and cars.

I March I went to St. Louis by Greyhound bus to attend the very beautiful wedding of Angela Weckl and Andrew Sadler. Not only were the ceremony and reception a drawing card for some 300 guests but also the opportunity for me to spend some time with the Weckls, the Ashers, Dick, Dakri, and James, her husband whom I met for the first time.

Upon seeing how well the St. Louis bus trip turned out, I arranged to go to Indiana by bus in May. First to Bloomington where Jean and I went to a mini-reunion of her BHS class of 1937. It was well attended, and I got to see quite a few old friends. While there we go four volunteers to help with a project we were about to embark upon. Jean had inherited some 181 snapshots taken by Francis Smith in 1982/'83. He had traveld literally from coast to coast in order to locate classmates after 45 years during which time the class had no activity. As he found them he took these pictures. We wanted to arrange them in a suitable display for viewing by those at the next class get-together. During our first work session at john and Treva Byers' home we mounted 81 photos on two display boards. Another work session was set for the next week at the same place. The Bloomington newspaper has expressed interset in doing a feature article about the class. While at the Byers' we took time to see John's fine looking vegetable garden and Trava's many quilts. She had begun the quilting on one already pieced into a pretty design. It was on a sspecial quilting frame made by John. I stayed with Jean several days at Meadowood and saw some friends (Charles Barnhill, Stella Tatlock, Bob and Dorothy Letsinger) and some others whom I have come to know at Meadowood. I also got to talk to Bill Herrmann who called from Gaithersburg, MD and George and Gail Herrmann who called from New Zealand. I had never before talked with anyone form the southern hemisphere and aacross the international dateline.

One evening at Meadowood's small library I found a book about Indiana University that I thought I would like to have. The next day I took this book to a local bookstore to see if they had a copy I could buy. the clerk said they had none but that I might see the woman working at a computer at the back of the store. She might be able to help me. On the Internet she quickly found a copy for sale in Mitchell Indiana. I paid her for it, and she had it mailed to me at Nashville. It was here when I got back. A few years ago the could never have happened.

I next boarded a bus for Indianapolis , and Fred was there to meetme. We put my luggage in his car, and while he finished his workday, I spent some time and the Indiana State Library, Genealogy Division. There I found a copy of that part of the U.S. Census for 1900 showing Andrew J. Williams, his wife Kate, Their children Edna May and Freddie living on South Street in Indianapolis. I also learned the names of Andrew's parents the I had not know before. They were John Williams and Mary and Caardwell, and they lived in Kentucky when Andrew and his younger brother, George were born.

Marti and I drove out to Mae and Jom's. I had brought with me some old pictures I thought Mae might like to see. I gave them to her. One was of Mae when she was a baby lying on her Grandmother Sinclair's lap. Mae was delighted to get these photos, some of which had been taken by her father. Earlier I had given Fred and Marti some other old pictures of members of my family. One was a tin-type of William Bell, my g.g. grandfather, who fought in the War of 1812. After lunch with Mae and Jim, Marti drove me to see a new building appears to be in shambles. One evening Fred, Marti and I heard a concert by the U.S Airforce Band of Flight. This unusual band consists of 40 instrumentalists including a guitarist and a string bass. It also had four vocalists. I had never known of such a make-up. This allowed for some very unusual sound effects. The program consisted of marches, patriotic selections and pop numbers including arrangements from Glenn Miller and Irving Berlin. Another evening Fred and Marti took Claire (Marti's mother) and me out to an interesting Chinese restaurant for a delicious meal.

On Fred's day off I helped him place 16 inch square concrete blocks forming a pathway to a pad on which he will put a bench. It is in a corner of their backyard under a large tree where are planted perennials (flowers and ferns) to form an attractive garden.

I almost forgot to mention about the big surprise on my arrival at Fred's. For a number of years I have saved Campbell soup labels for Marti's sister Marilyn's class. She teaches at a school of kids with disabilities. With the labels the school can buy certain supplies at a discount. This year they had a contest to see which room could collect the most labels. Marilyn's room, with only 6 kids, won. I had bought so many cans of soup and was eligible for a bonus worth 1,000 coupons. This was what put them over. That win made them and me very happy. I rode the Greyhound home. In southern Indiana we drove through a little community that had been hit had the day before by a tornado. It left broken trees whose trunks were 10-12 inches in diameter. I had never before witnessed such terrible destruction so close-up. It stretched out along the road for about a mile.

When I arrived home there was an e-mail from the ARCO Illiana Retiree Club (people I used to work with at the R&D labs). They will tour Kentucky and Tennessee in October. I am hoping to join the group as they start here in Nashville. At the completion of 6 days I hope to leave the tour bus at Indianapolis. My preliminary inquiry about this sounds encouraging and I hope it works out for me.

Love, Roy

P.S. to Shake: While in Bloomington a group from Meadowood went to visit a newly restored old home. The Canada House. The architect who handled this restoration is your nephew, the son of John and Margaret Byers. I understand from others that he has done some other good work and is well thought of in Bloomington.

P.S. to Susie: Thank you for the nice letter, the calendar-beautiful pictures, and the cany- loved it!

P.S. to Raj: A few days ago something you e-mailed me came. But we could not open it, i.e. I got no message.

P.S. to Anne: About the book I got from Mitchell- It is "once over Lightly!" An Indiana University Story by Daisy Woodward Beck, A.B. 1899, a direct descendant of Col. John L. Ketcham, a member of the first Board of Directors of I.U. She and her husband, Frank Orrman Beck, A.B. 1894 donated the non-denominational chapel on the campus where you and Matt were married. The cover of her little book very appropriately, is red and has cream colored lettering. Also on the cover is a music staff with notes and corresponding words, "Indiana we're all for you". When I opened it, on the inside of the cover, were the hand-written words, Harry G. Day Family. I now own the copy formerly belonging to the I.U. chemist who came as a professor the last year I was a student there. He is the discoverer with some help from I.U. Prof. Frank Curry Mathers, of how to incorporate fluoride in toothpaste for the prevention of cavities. Harry Day now lives at Meadowood and until recently occupied the apartment across the street from Jean. I spoke with him briefly last October when he celebrated his 95th birthday.

Dear Friends:

As I look ahead I sometimes become more like our little friend than I'd like to admit. I suppose I'd like to think that I have a lot of faith, but I must confess there are times when I'm a bit overwhelmed with the climb. When I reach those points in the work, God always reminds me of some basic principles:

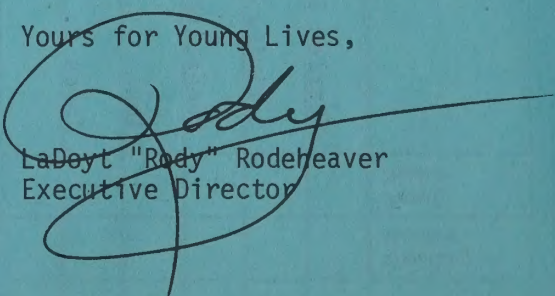

1. It's His work not mine - "He's In Charge."
2. He never calls us to do a task without providing everything we need to complete the task.
3. God raises up people to join hands and give to the cause.
4. God's timing is always perfect and it's set to an eternal clock.

This year the mountains before us are larger than ever. The Father is faithful and His principles are sure. I'm trusting Him for what lies ahead in the fall of '84'. The In Touch shows some of those challenges and I'll be updating you in the coming months.

To move into the fall confidently and to keep from falling behind financially we need to have a strong August (typically a weak-giving month). Perhaps you would consider a special gift to Youth for Christ this month. Join hands and help us climb strongly into the autumn.

We have so many people who so faithfully support our work of sharing Christ with young people. Thanks again for your prayers and gifts.

Dear Shirley,

During my trip to Indiana I found time to visit the Monroe County Public Library in Bloomington and found something I think may be of interest to you. if you don't already have it. Were I to say that the last eleven days of March this year have been one of the most enjoyable times I can remember, some might say I've gone a bit daft. But most would agree that when you can cram into so short a time a beautiful granddaughter's wedding; a reunion with many family members from far and near; see some dear friends and former neighbors; revisit places so important in one's past; place a valued family Bible into good hands; look in on a dear friend safely moved into more satisfactory quarters; then enjoying excellent food, nice accommodations and fine weather throughout - Who could want anything more? Now this is what happened. A log I guess you might call it.

On March 21 Jill, Rick and I left Nashville with the forsythia and Bradford pear trees in full bloom. While Rick had to return in three days, Jill and I remained with Jean at Meadowood in Bloomington and Fred and Marti in Greenwood before finally on March 31 getting back to Nashville to find our crab apple, red bud and pink and white dogwood in bloom.

We arrived in Bloomington in time to attend the Rehearsal Dinner for granddaughter Anne and Matt Hagen's wedding, which took place the next morning in Beck Chapel on the Indiana University campus. The chapel happens to be just across the street from my former research lab in the "old" Chemistry Building. When the beautiful and thoughtful ceremony was over the guests walked a few steps to the Georgian Room in the Union Building for a delicious buffet dinner and some fun. As an example of the latter the disc jockey announced there would be a game. If a guest could sing a line from a song with the word "love" in it, the newly weds must respond with a kiss. The singing was passable and to our delight many kisses resulted.

Sunday morning Rick left Meadowood so as to get back for work Monday. Jean, Jill and I drove to Anderson, Indiana to visit Anna Lee Ravenscroft, a dear friend that we had not seen in several years. She has a beautiful home in the outskirts of that town. There a distant relative of Jean's met us. Shirley, Jean's third cousin, had driven down from Ft. Wayne for this prearranged meeting and to receive the Henderson Bible. I had had it for some eighteen years. I wanted to pass it on to a family member and knew Shirley could be entrusted with it's care. Anna Lee drove us about Anderson. We saw Anderson University campus and the cemetery where her husband, Philip, is buried. Then she led us through town to the highway to Indianapolis. A few miles down the road we took the exit to Fortville where Jean's great aunt, "Babe", and her husband, Mel Hunter are buried. We stopped there for a few minutes. It was dark by the time we arrived in Indianapolis and drove down through the center of town. Coming to the "Circle" we were rewarded by the sight of trees aglow with miniature lights, a beautiful picture reminiscent of past Christmas times.

On Monday I arranged for repair of the damage to my father's gravestone. It was dislodged from it's base. Both my parent's stones will now have a new base upon which will be anchored a granite slab and attached to it will be the headstones. I was able to arrange for this by phone in about an hour. That afternoon Jean led us on a tour of the Meadowood grounds. We went to the Wells Sanctuary, a park-like wooded area featuring a gazebo and benches for resting or reading, and there we met a new resident. The farmer from northern Illinois, and his wife had arrived at Meadowood just three days ago. He told us the story about how he had turned his farm into a golf course and was receiving rent from it. They had researched various retirement communities before choosing Meadowood. Then we walked along Sassafras Court, the street where my highschool classmates, Charles and Phyllis Barnhill, have a home. Earlier that day I was saddened to learn that Phyllis had died. I was able to talk with Charles that evening in the dining room and said I would see him at the Memorial Service for Phyllis on Saturday morning.

Tuesday I left Jill with Jean and headed north to Crown Point, Indiana where I saw France Werth, a long time friend of ours. She has an apartment there at the Chicago Christian Village, a very nice place. She had recently moved after selling her home in Dyer, Indiana. We had such a nice visit, and she showed me around the facility. I left while it was still light for the motel in Schererville where I had reserved a room for the night.

Next morning I checked out of the motel and drove a few miles to a restaurant in Lansing, Illinois for breakfast. I ate with a bunch of my former coworkers at Sinclair/ARCO. These retirees have a very active club. Those members still in Chicagoland meet each Wednesday morning just to "chew the fat". This morning

some 25 members and a few wives showed up, and we had a ball as we remembered old times and caught up on more recent happenings. Breakfast over I drove along Ridge Road to Highland, Indiana where Doris and I first came as newly weds then continued to live until 1969 when we moved to Tennessee. I visited Main Square Park where our "kids" had placed a bench in my honor. I also saw our two former homes and the home where mother and Aunt Lell had lived after leaving Bloomington. The three homes had seen some remodeling but generally appeared to be in fine shape. I had short visits with Ed Sweeney and Roy and Helen Cinley, former neighbors still there. Others in our block have either died or moved elsewhere. I gassed up and began the trip back. In Lebanon, Indiana where my mother's family had lived several generations ago. I found the homes of Cousins Josie and Nettie, somewhat modernized but very well kept up and over a century old. Before leaving I went to Lebanon's Carnegie Library. In their History Room I found a letter written in July 1892 by the mother of Josie and Nettie, Aunt Sarah Ann (Lane) Baird. It was addressed to "My Dear Cousin Eliza". These two had been very close as young girls. In about 1850 when they were perhaps 18 or 20 Eliza's father, Addison Lane removed his family to Texas. This letter tells about the Lebanon family, especially about Uncle Levi and his wife, Aunt Pheriba Lane. I will always wonder how this letter, sent to Texas, found its way back to Indiana. With the letter was a very clear picture of Uncle Levi and the Lane family thought to have been taken around 1894. The family group were on the porch of Levi's home which was quite a large and beautiful place. After one of the library staff made me copies of both the letter and photograph, I continued on my way until I reached Mooresville. I stopped at Poe's Cafeteria for a tasty meal topped off with a piece of gooseberry pie, a favorite of mine. Finally back at Meadowood, there was no one at home, and I had no way to enter Jean's apartment. Jean and Jill had gone to a movie in town, and I had to wait until their return an hour or so later. Meadowood has a rather complete collection of old I. U. yearbooks, the Arbutus. While waiting for them I looked at some of them. In the 1920 annual I discovered a picture of Mitchell Hall and the Annex. These buildings were just as they did look when I used to play in the woods nearby waiting for my mother to finish teaching. Her studio was in the Annex. I was delighted to see these old wooden structures again. They had good acoustical properties but were not very attractive architecturally. I believe they may have been considered to be unworthy subjects for photographing. I have seen only one much earlier picture of Mitchell Hall taken before it was remodeled and the Annex was built. Actually it was one of the first buildings erected in 1884. Fire in 1883 destroyed the early university buildings on the old campus. In order to escape the noise of the railroad I. U. moved to a new location known as Dunn's Woods at the eastern edge of town. Today Mitchell Hall is nonexistent. I got a copy of the 1920 Mitchell Hall photo for use in my memoirs.

On Thursday we packed our stuff and left Meadowood for Greenwood, Indiana where Fred and Marti live. Jean was to leave with Anamae and Jim for St. Louis at 8:30 next morning.

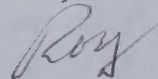

Friday was a day of rest. Both Fred and Marti were at home and we spent the time visiting and doing a little shopping. Marti prepared a fine dinner for us and we retired early.

I drove back to Bloomington on Saturday for Phyllis Barnhill's Memorial Service at Meadowood. Two sons and two grandsons gave parts of the ceremony. One grandson, Eric, played three piano compositions by Schubert, Chopin and Brahms. He told me that he had included the one by Chopin because his grandmother had been partial to his music. I checked on my parents' graves and saw that the work I ordered to be done had not started. I visited the graves of Doris' sister and her husband, Norma and John Atwell. While at the cemetery I also went to the graves of "Uncle" Howard and "Aunt" Emily Tournier. They are not really my relatives but were the couple who introduced father and mother. When young I had thought they were related to us. Even when I found this was not true I continued to call them Uncle and Aunt. Still early in the day I ended up at the Monroe County Library. Extensive changes had occurred to the library since I was last there. In the Indiana Room I came upon the references to naturalization records of my stepgrandfather, Paul Moosmuller (from Bavaria in 1866) and a John B. Bouvier (from France in 1853). The latter record is, I believe, of my father's biological father who married grandmother Celine Gony in 1861. She divorced him in 1868/69 and remarried Paul in 1870. I know so little about my Bouviers and suspect this find may lead me to more information when I see the complete record in the State Archives. In another book I ran across something about the Henderson family which I will pass on to Shirley, Jean's cousin. You will recall it was she to whom I gave the Henderson family Bible. Back in Greenwood Fred and Marti took us and Claire O'Tain, Marti's mother, to the Johnathan Byrd Cafeteria for dinner that evening.

Sunday Fred and Marti took Jill and me to the former Indiana Theater in Indianapolis to see Shakespeare's "As You Like It". It was presented by the Indiana Repertory Theatre. Before the play began we heard a prologue given by one of the cast. He explained what we were about to see and answered questions from those present. I had forgotten much from my early encounter with "As You Like It" in high school. The prologue proved to be quite helpful to me and I enjoyed the play. Their presentation was, as it would have been done Shakespeare's time, without background scenery.

We told Fred and Marti good bye Monday and left early getting on the road to Cincinnati, Ohio. This day was to be my special highlight of our trip. In a suburb of "Cincy" we located the apartment of Sara and Kyle Swan. She is Anne's sister and our other granddaughter. Their apartment is very attractive and is in a nice but older neighborhood. I took pictures of their apartment including one of her dog, "Izzy". She was so excited to see us that Sara had to corral her in the kitchen lest she get too rambunctious. After lunch at a nearby restaurant the three of us drove to the home of an important friend of mine, "Gainie" Jane (Alexander) Hutton. Her exquisite house stands on large and beautiful grounds. All this was a real thrill for me, for I had not seen "Gainie" since we attended highschool in Bloomington, over 60 years ago. Only in recent years has our friendship blossomed into a warm and valued one. It began with the discovery of our mutual interest in genealogy. I have longed for this day when I would see her again in person. It was great fun sitting there talking and looking at some pictures I had brought.. Sara had to leave for work, but Jill and I stayed a while. Then leaving we got on the road to Louisville and thence to Nashville completing what I count as an extraordinary trip full of many moments I shall forever treasure.

Love,

P. S. About John M. Henderson's probate record, I don't quite understand why it is in Brown County, Indiana. Anyway Taylorville, the county seat of Christian Co., Ill, is about 25 miles southeast of Springfield. If he died in that county there may be an obituary in one of the local papers. It might be a paper published in an adjoining county if his land is close to the county line. I guess it might first be wise to find out just where his land lays. Then too that might be helpful to know in searching for his grave. I would think that there may be cemetery surveys.

In the Section III Civil Records there were a number of other Hendersons, but I did not recognize any of their names. You might see some though that I missed..

R.L.M.

We told Fred and Mary good bye Monday and left early morning on the road to
Chickamauga. This day was to be my special highlight of our trip. In a
moment of "chance" we located the apartment of Sam and Rita. This is
Anno's sister and our other grandmother. Their apartment is very attractive and
is in a nice but older neighborhood. I took pictures of their apartment including
one of her dog, "Foxy". She was so excited to see us that Sam had to come
out to the kitchen just to get her away from us. After lunch at a nearby
restaurant the three of us drove to the home of an apartment friend of mine
"Fannie" Jane (Auntie) Johnson. Her exquisite house was on large and
beautiful grounds. All this was a real thrill to me for I had not seen "Fannie"
since we attended high school in Birmingham over 50 years ago. Fannie is now
years past her 80th birthday but is a warm and vibrant one. It began with the
discovery of our mutual friend in Birmingham. I have tagged for this day when I
would not be again in person. It was great fun sitting there talking and looking
at some pictures I had brought that had to leave for work, but Bill and I stayed
a while. Then having no car to take us to Louisville and then to Nashville
consequently when I went as an extraordinary trip full of many memories I shall
forever treasure.

P. S. About John M. Henderson's property record I don't want understand why
it is in Brown County, Indiana. Anyway, I understand the county seat of
Christian Co. is in Brown Co. near southeast of Springfield. If he then is
that county seat may be an anomaly in one of the local records. It might
be a paper published in an adjacent county if the land is close to the
county line. I guess it might be wise to look out for what he said.
Yes. Then too that might be helpful to know in searching for his grave.
I would think that there may be cemetery surveys.

In the Section III Civil Records there were a number of other Hendersons
but I did not recognize any of their names. You might see some though
that I didn't.

Dear Friends:

As I look ahead I sometimes become more like our little friend than I'd like to admit. I suppose I'd like to think that I have a lot of faith, but I must confess there are times when I'm a bit overwhelmed with the climb. When I reach those points in the work, God always reminds me of some basic principles:

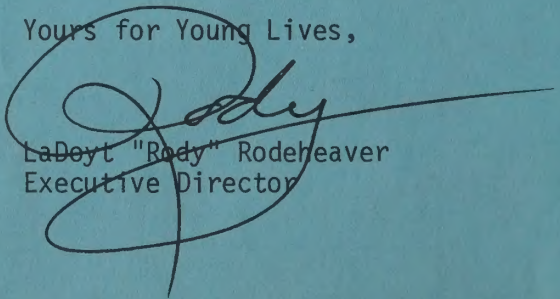

1. It's His work not mine - "He's In Charge."
2. He never calls us to do a task without providing everything we need to complete the task.
3. God raises up people to join hands and give to the cause.
4. God's timing is always perfect and it's set to an eternal clock.

This year the mountains before us are larger than ever. The Father is faithful and His principles are sure. I'm trusting Him for what lies ahead in the fall of '84'. The In Touch shows some of those challenges and I'll be updating you in the coming months.

To move into the fall confidently and to keep from falling behind financially we need to have a strong August (typically a weak-giving month). Perhaps you would consider a special gift to Youth for Christ this month. Join hands and help us climb strongly into the autumn.

We have so many people who so faithfully support our work of sharing Christ with young people. Thanks again for your prayers and gifts.

Yours for Young Lives,

LaDoyt "Body" Rodeheaver

Than that means Amy died some where in that time of 1910 -1920. Vernie and Daisy were her and Benjamins children. Ervin was the son of May and Benjamins. Ervin was mentally handicapped. I think he was the baby of May and Benjamins children. Bessie Bradley I am guessing that May was married before Benjamin and May used her maiden name when she married Benjamin or she had been married to ? Bradley and than she was married to a ? Johnson and than she married Benjamin. I have been out through Van B uren Twp. in Brown County. I think I know where a town use to be out there it was called Elkinsville. There is a stone monument to the town. It shows were bthe town was. Up the road is a cemetary. One day I am going back out there to see who is there. On the monment was a list of some of the familys that live in Elkinsville and onne of the names was Graham. Which is one of my surnames. May I can find some info out there. My husband Franz said that he would help me look. I know there are alot of other cemetarys in Brown County I just don't know were. We found this just by taking a drive one Sunday afternoon. Ervin was a sweet little old man I meet him and Ottie at my grandpa's house they came for a visit. I was working at Ken-Joy Nurseing Home here in town at the time. My muffler had fell off my car and I when to grandpa's to take it off until I could get Franz (not my husband at the time) to help me fix it. Aunt Ottie and Uncle Ervin could believe I was working on my car. Grandpa told them she can take care of herself she gets that from us sis. I always wonder what he meant. I know he ran away from home and lived with the people down the road from Benjamin when he married Amy. I don't think she got along with Mays children. Ervin was mentally handicapped, John (my grandpa) was bullhead, I don't know about Freeman or Ottie. My grandpa never said anything about a -effy or a Charles R. I live next door to Mark Henderson Uncle Freeman's Grandson. I have lived by him for 12 years. I copied the picture you sent me and gave him a the copy. I am going to see what else I can come up with. I'll let you know what I find out. Have A Happy Easter. Lettie

Here is what I have from Benjamin + May Johnson Henderson.

It is from their son John which was my grandpa.

I don't know the names of 2 of his brother or the 1 sister.

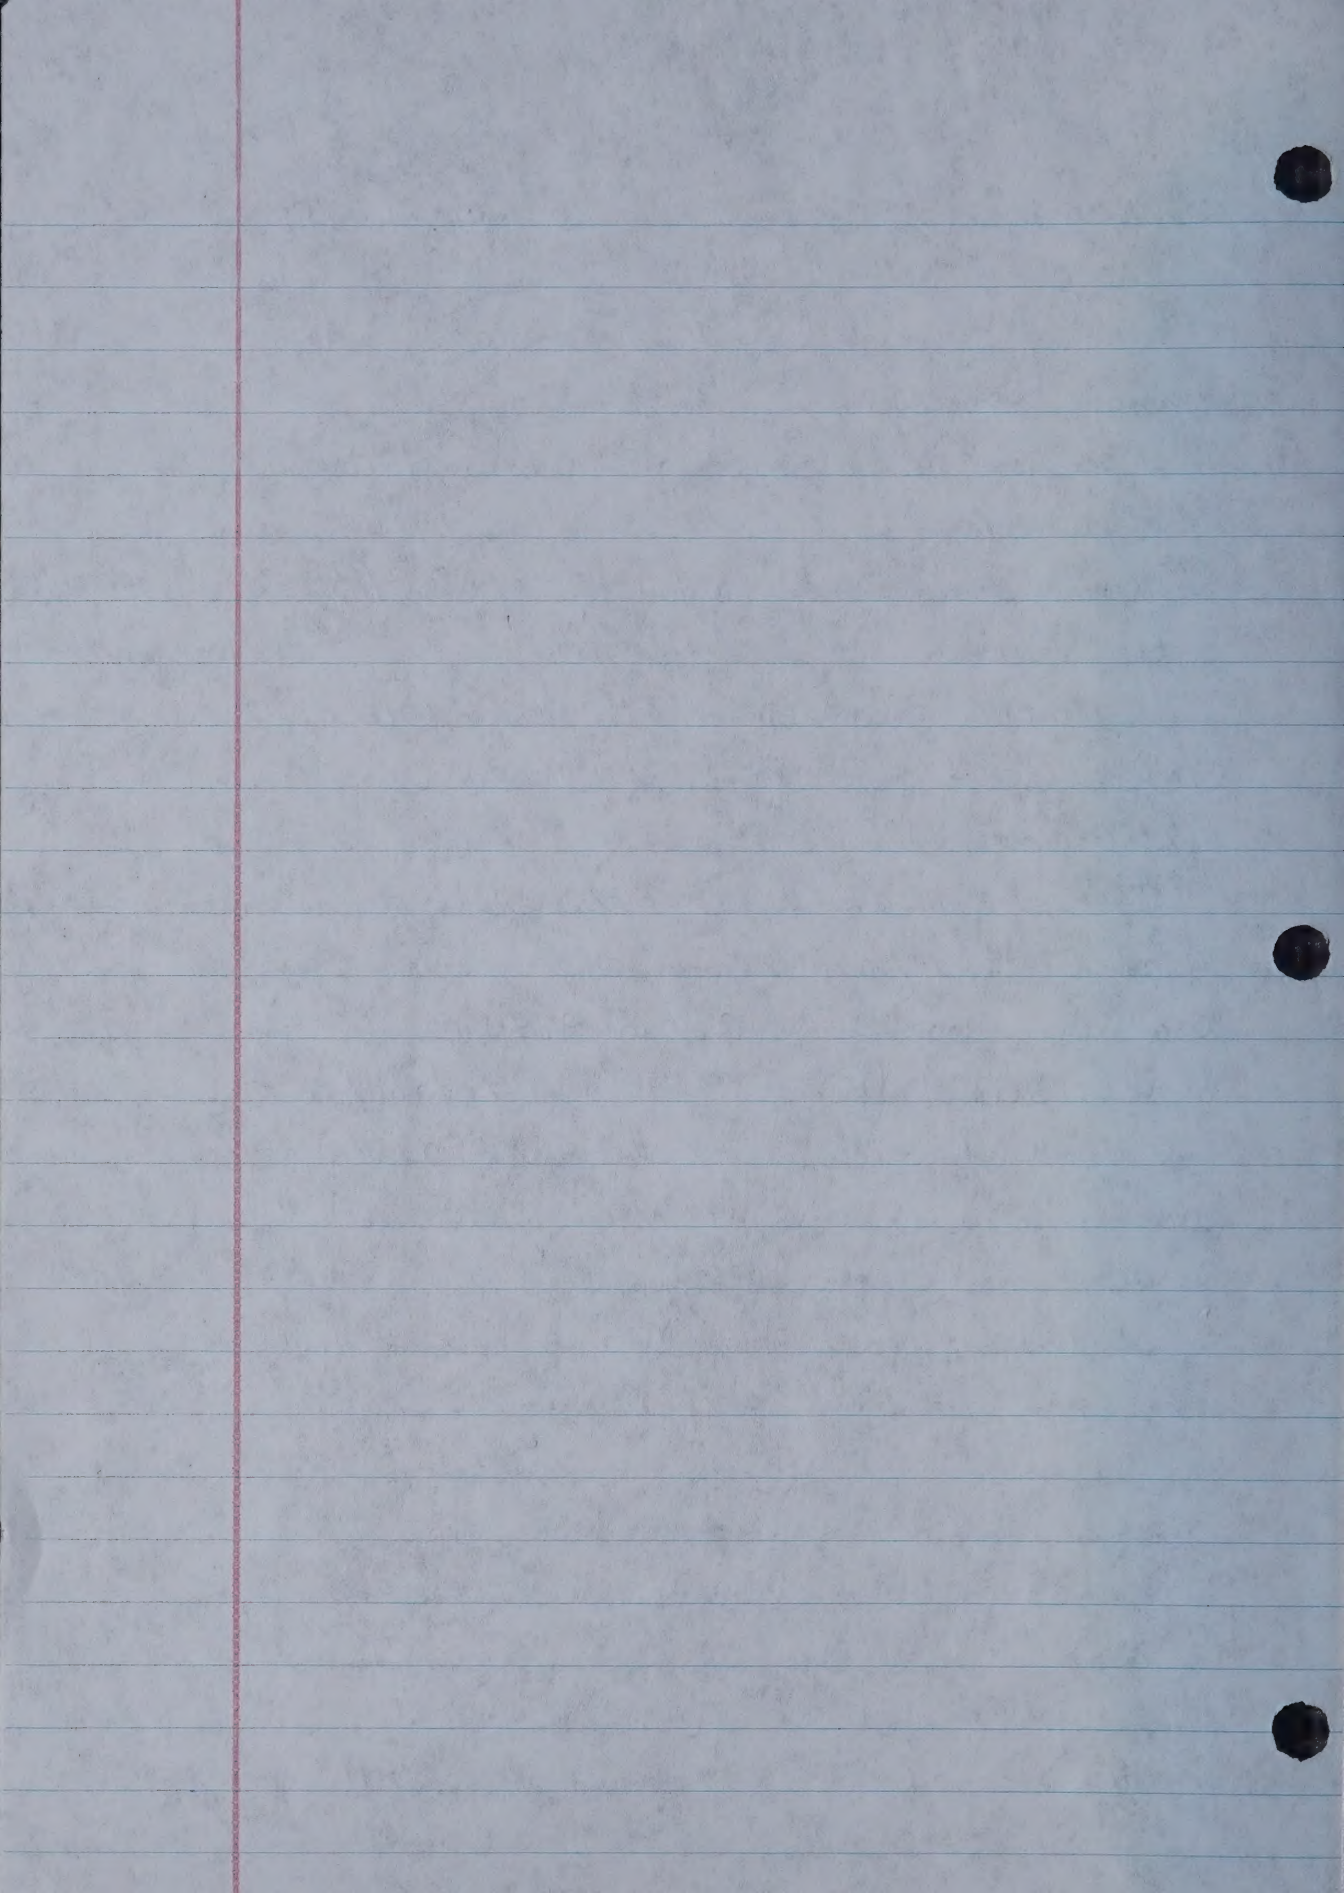

His brother Irvin and his sister Ottie Eickelberger + her family lived in Eldorado, Ill.

Ottie had at lease 1 daughter named Mabel. They all 3 came and visited my Grandpa Jack in 1983 or 1984. It was Uncle Irvin, Aunt Ottie and Mabel.

I don't have a lot. because after Grandma died in 1976 the family fell apart. It got worst after Grandpa died in 1985.

I didn't put in Grandma's 3 girls from her 1st + 2nd marriages. Since they were not John's Daughters. But if you want to add it let me. Sorry it is all hand written but I don't have the family tree thing for my computer yet.

My Phone # is 1-812-546-5641

I do have some of the obits on John & Anna and the kids. All but their daughter Mildred she live at New Castle, In and they didn't put it in the paper down here.

Benjamin middle name I have it S. that the way it is on Kerma Whipker obit from the news paper.

So I don't know if it is F or S.

As far as Amy C Wise. I don't know if the C stands for Clarinda or what.

Again thank you for sharing.

Lettie Hartler

I am sorry to hear of the death of
your mother and the loss of her
to you. I hope you will find
some comfort in the fact that she
is now at rest and free from
all pain. I am sure she will be
rejoicing in the way it is
being carried out from the
hospital. I hope it is
the best for you. I am sure
it will be a relief to you.
I hope the doctor is
satisfied with the results.

Yours truly

tickets last week.

After a careful 4-hour delibera-
tion Sunday night, the high school
athletic board announced a system
whereby the right to buy 425 tickets
will be raffied off to students in the
high school and approximately 300
for the adult fans by the same
method. This is a radical departure
from previous methods used here
and is designed to eliminate the
endless hours of waiting in line.

According to Loren Chastain,
high school principal, all students
who have held season tickets during
the past season, either high school
or grade, and all band members,
concessionaires and ushers
will go to the gym Tuesday at
12:15 noon and as they enter will be
given tickets numbered consecutively,
to be placed in a box. At
the same time their names will be
checked off the eligibility list.

Drawing to Determine Sequence.
When all the students are in, a
drawing will be held in which each
student who put a number in, will
draw one out. The number drawn
will be the sequence in which they
will form a line to purchase tickets.
Those holding numbers 1 to 425 will
call at the high school book store
during school hours, Wednesday to
buy their tickets.

After the student tickets have
been raffied off, a special allotment
will go to second team members,
student managers, cheer leaders,
teacher assistants and school officials.

Sixty tickets, an addition of ten
over last week, will be sold to re-
turning service men who may call
at the gymnasium at 8:30 o'clock
Wednesday morning and make
their purchase from Frank New-
som. Former "C" men will be given
preference over outsiders.

Parents and immediate relatives
of basketball team members will be
able to buy their tickets from Mr.
Newsom at the gym Wednesday
morning from 8:30 until 12 o'clock.

300 Tickets for Adults.
Wednesday night between the
hours of 7 and 8 adults who have
held season tickets during the
year will be eligible for the ap-
proximately 300 tickets which will
remain. It will be unnecessary for
fans to line up ahead of time as
the system will be much the same
used in the student sale and no ad-
vantage will be gained getting in
the lead.

All who purchase the pasteboards
must be at the gym in person. Each
will be allowed a maximum of two
tickets, only if the additional tick-
et is to be used by another mem-
ber of the family who held a sea-
son reservation during the past
season. Students will be allowed
only a single ticket.

Consecutive numbers will be given
each person as he goes in and a
record kept of his name, eligi-
bility and whether he wants one
or two tickets. Only one number
will be given him, regardless of
whether or not he wants one or two
tickets. These numbers will then be
drawn out to determine the se-
quence in making purchases.

To Purchase at Book Store.
Within a few minutes after the
drawing has been completed, the

ROLLER BACK FOR DISCHARGE

Malcolm Roller, Navy gunner's
mate, third class, arrived Sunday
at the home of his parents, Mr.
and Mrs. Joseph Roller, at Nine-
veh for a 30-day leave after his
return to the United States from
two years service in the Philip-
pines. He is a brother of Mrs.
James Bilings, 315 Franklin street,

Roller enlisted in the Navy in
Shelby county and participated

cific area.
At the end of his leave he will
report at the Great Lakes separa-
tion center for discharge.

Ya, Ya, Ya, Says Foxie, Can't Get Me—Sundays

Information has been received
that holding of fox drives on Sun-
day is in violation of a special
state fox law. It was announced
today by the committee of the
Bartholomew County Fish and
Game association, which has been
serving as a coordinating group
for the holding of fox drives in
the county this winter.

It previously had been believed
that the Sunday drives were with-
in the law and several drives have
been held in the county on Sun-
day.

The general state game law
permit the firing of guns on Sun-
day as long as the animals killed
are not protected by law and as
the fox is not protected under the
general laws, it was presumed that
Sunday drives were in compliance
with state game regulations.

Protected One Day.
However, according to informa-
tion received from Don R. Hughes
at Indianapolis, director of the
Division of Fish and Game, the
fox is protected on one day of the
week—Sunday.

Mr. Hughes called attention to
the fox law which states that "it
shall be lawful for any person to
take, trap, shoot or kill at any
time, except on Sunday, any fox
or wolf."

The restriction "except on Sun-
day" makes the Sunday drives a
violation of the law.

Following this information it is
expected that no more drives will
be held on Sunday. Some com-
munities had held drives on Sun-
days because it was possible for
more people to take part than if

today until the time of the ser-
vices on Thursday.

years and was confined to his bed
for the past two months. He was

3,500-Pound Hippo and Offspring Doing Fine

CHICAGO, Feb. 25 (AP) — Baby
and her offspring were doing nicely
today, but the stock was ex-
hausted from his swim.
Behr the 3,500 pound hippo
swam at the Brookfield zoo, gave
birth to her sixth calf yesterday
in the tepid water of the hippo
pool.
The infant weighed in at
pounds. The heaviest ever

the drives had been held on week
days.

Proceeds to Churches.
In these cases churches in the
neighborhoods were contacted a-
bout the drives and proceeds from
the foxes caught were turned over
to church organizations.

A fox drive was held Saturday at
Walesboro, where three areas cov-
ered. Because of a small number
of people taking part, it was not
possible to man the lines closely
and no foxes were caught.

One fox was seen in the ring
formed north of Walesboro and
centering in the Franklin Bun-
drick woods, but escaped. Another
ring was formed in the airfield at
Walesboro and the third on the
Chester Doty farm south of Wales-
boro. Approximately 40 persons
took part. The Saturday drive
was sponsored by Home Builders
class of Bethel Baptist church.

walkout.

Despite threatened walkouts, the
national strike total dipped to
slightly under the million mark
when 17,500 CIO Farm Equipment
workers voted to end a strike
against the Caterpillar Tractor
company, Peoria, Ill. There were
approximately 556,000 workers away
from their jobs as a result of la-
bor disputes.

Negotiations Break Up.

In the major labor developments,
1. Acting City Manager J. M.
Nagle ordered final pay checks
made out for striking city em-
ployes of Houston, whom he said
were "considered as having quit"
because they did not report for
work this morning.

2. Federal Labor Conciliator
Walter Green reported both parties
were making "an honest effort" to-
ward settlement of the Detroit
milk strike which has halted de-
liveries to nearly two million per-
sons since last Thursday.

3. AFL bus drivers for the Chi-
cago and Calumet District Transit
company called off a strike set for
3:30 a. m. today, and agreed to
submit their wage dispute to ar-
bitration.

Resume Wage Talks.
4. General Motors and CIO
United Auto workers officials re-
sumed negotiations with at least
three major issues barring im-
mediate settlement.

injured in the explosion which took place in an acetylene generator building, is reported as still in a serious condition, although improving satisfactorily. He was not burned as severely as his fellow worker, but suffered burns on the face, head, left arm and back. Mr. Carter was burned over the upper half of his body by the blast which occurred as the two men were recharging one of two acetylene generators. He was using a wrench on the generator and accidentally dropped it which probably resulted in a spark setting off gas in the building, authorities say.

Both men were conscious after the explosion. Wilkerson walked out of the building, while Carter crawled outside as fellow employees came to their rescue.

Mr. Carter was born in this county December 12, 1910, son of Christopher and Mary Petro Carter, and attended school in the Ogilville community. He first took employment with Noblitt-Sparks in November, 1938, and had been employed by the company since that time, with the exception of 1938.

August, 1984

Dear Friends:

As I look ahead I sometimes become more like our little friend than I'd like to admit. I suppose I'd like to think that I have a lot of faith, but I must confess there are times when I'm a bit overwhelmed with the climb. When I reach those points in the work, God always reminds me of some basic principles:

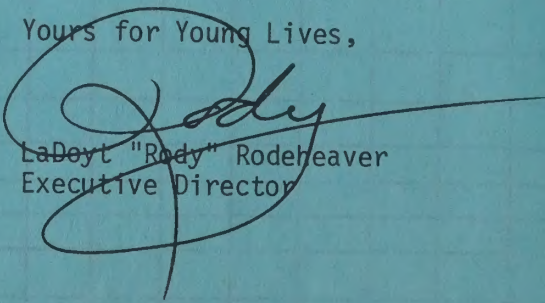

1. It's His work not mine - "He's In Charge."
2. He never calls us to do a task without providing everything we need to complete the task.
3. God raises up people to join hands and give to the cause.
4. God's timing is always perfect and it's set to an eternal clock.

This year the mountains before us are larger than ever. The Father is faithful and His principles are sure. I'm trusting Him for what lies ahead in the fall of '84'. The In Touch shows some of those challenges and I'll be updating you in the coming months.

To move into the fall confidently and to keep from falling behind financially we need to have a strong August (typically a weak-giving month). Perhaps you would consider a special gift to Youth for Christ this month. Join hands and help us climb strongly into the autumn.

We have so many people who so faithfully support our work of sharing Christ with young people. Thanks again for your prayers and gifts.

August, 1984

Dear Friends:

Have you ever noticed how events that you have scheduled way ahead in the future have a way of sneaking up on you? Well, that's the way it is with our sharing dinners. Though they're scheduled for October, they are really just around the corner. By now you've guessed that this letter is about our annual Report To The People Sharing Dinners.

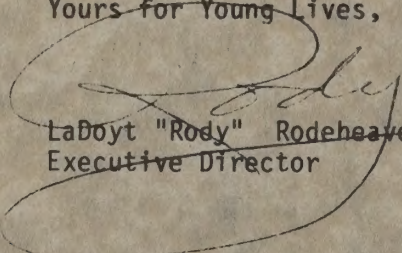

As the program at Youth for Christ has grown over the last several years, so has our need to become more and more effective in getting people together at our sharing dinners to hear the Youth for Christ story. The best means we have found of doing this is getting people to be table hosts and inviting their friends. Our goal is to have over 400 people at our sharing dinner in Wells County - October 29. In order for this to happen we need to enlist 50 table hosts.

This year's dinner not only holds its usual strategic importance but this is our 40th Anniversary of the founding of Youth for Christ. In order to enable us to meet our goals, we're holding an areawide dessert reception for all of our table hosts as we did last year. The dessert reception is being held September 10 at the Fort Wayne Marriott starting at 7:00 p.m. This reception is being underwritten so you and your spouse can be our guest. Here's what the reception is designed to do:

- 1 - To thank you for your past, present, and future involvement in Youth for Christ.
- 2 - To acquaint you with the exciting new developments in Youth for Christ.
- 3 - To give you in capsule form an idea of what the program is going to be like at your sharing dinner.
- 4 - To allow you the chance to enjoy our musical guest, Pete Carlson, who also will be the special musical guest at your dinner in October.
- 5 - To that evening provide you with everything you need to be a table host.
- 6 - To send you away with a renewed enthusiasm for what God is doing in reaching young people through Youth for Christ.

I need your help. Come join Tim and the rest of the Youth for Christ staff as "The Miracle Continues" September 10, 1984, Fort Wayne Marriott 7:00 p.m. Return your card and join us. We need to hear from you by August 22. God bless you.

Henderson - Ancestry 1

One of the earliest known Scotch-Irish ancestors of this branch of the Henderson Clan is John Robert Henderson (1740 - 1813) - Ancestry 1 - born in County Tyrone, Ireland. (Some family trees of Ancestry.com show Robert Henderson married to Margaret McFate and they were the parents of eight children; in other family trees, these children are listed with Mary Ann Ralston as their mother.) My analysis indicates: John Robert Henderson was married about 1758 to Margaret McFate (abt 1740 - abt 1770?) and this couple had at least one child, Robert Henderson (1758 - 1837); then, after Margaret McFate died about 1770, John Robert Henderson married Mary Ann Ralston (abt 1750 - abt 1820) and this couple had eleven children; they lived in Ireland until about 1796 or 1797, when many members of this extended Henderson family moved to Liverpool or Londonberry, England to prepare to move to America (which they did between 1796 and 1804). John Robert Henderson (1740 - 1813) and his first wife, Margaret McFate, were the parents of: Robert Henderson (1758 - 1837). Then, John Robert Henderson (1740 - 1813) and his second wife, Mary Ann Ralston (1750 - 1820) were the parents of: John Henderson (1774 - 1844); David Andrew Henderson (1775 - 1825); Martha Henderson (1776 - 1790); James Henderson (1778 -); and, Joseph Henderson (1780 - 1844; Robert Henderson (1782 - 1871); Alexander Henderson (1784 - 1844); Jane Henderson (1785 - 1860); Isabella Henderson (1790 -); Lucy Henderson (1792 -); and, David Henderson (1797 - 1860). The eldest son of John Robert Henderson (1740 - 1813) - Robert Henderson (1758 - 1837) emigrated with his wife and ten children, born in Ireland, and settled in Coshocton County, Ohio. The other children of John Robert Henderson and Mary Ann Henderson nee Ralston came to America in 1796 through 1804 and settled in Indiana County, Pennsylvania.

Henderson Ancestry - Scotch-Irish Heritage

The Scotch-Irish ancestry of our branch of the Henderson family probably has roots among Scots-men and Scots-women, most of whom were of the Presbyterian faith, who were recruited by the English and brought from Scotland to northern Ireland. Their mission, between 1594 and 1603, was to replace the native Irish Catholics who lived there. Land was granted to English overlords who recruited settlers and tenant farmers from Scotland to live in northern Ireland. In 1611, the British Crown designated the six counties of northern Ireland - including County Tyrone, as the plantation of Ulster. After about one century, the Scotch-Irish in Ulster began to suffer civil, economic and religious discrimination by the British. By 1710, most of the farm leases granted to the Scots in the early 1600s expired and new leases were withheld. The Scotch-Irish either had to pay increased rents or they had to leave the land, when the leases for their farms expired. These conditions caused thousands of Scotch-Irish to leave northern Ireland. Also, a drought in 1714 sparked an even greater migration from Ulster. The exodus of many Scotch-Irish began in the early to mid-18th century. Our ancestors probably were in this group.

Notes About Robert Henderson

Notes from John H. Boyd

<http://worldconnect.genealogy.rootsweb.ancestry.com/cgi-bin/igm.cgi?op=DESC&db=boyd-trees&id=I92712>

[v01t1586.FTW]

1814

In the book "History of Jefferson County" page 1028 there is a biography of William Elliott Henderson. This states that his grandfather, Robert bought Jefferson County land in this year for \$1.75/ acre.

November 19, 1814

In the book, " Ohio Lands Steubenville Land Office 1800 - 1820" by Carol Bell is at the Hudson, Ohio library. This states the "a" Robert Henderson purchased land in Range 3; Township 11; Section 9 which is in Brush Creek Township, Jefferson County, Ohio. Brush Creek is about 15 miles north of Cross Creek Twp. ??????? This entry describes Robert as a resident of Jefferson County, Ohio. This is the only entry for a Robert Henderson but there are many other Henderson entries. I made these notes on 3/24/ 1995.

On 2/24/94 I visited the WRHS and examined the book, 'Pennsylvania in 1800'. There are 10 Robert Henderson's listed.

To get more information about the family on 2/24/94 I visited the WRHS and examined the book, 'Index to 1810 Census of Pennsylvania' by Ohio Family Historians. The book includes 6 Robert Henderson. There is one close to the Ohio border living in Chartiers Township Washington County, see census page 574.

At Western Reserve Historical Society the book, "The 1812 Census of Ohio" by T.L.C. Genealogy lists taxpayers. The list includes a Robert Henderson in Springfield Township Jefferson County, Ohio and another in Wheeling Township, Belmont County, Ohio.

In the St. James Episcopal Cemetery, County road 26, in Cross Creek Township, Jefferson County, Ohio has graves of Robert and Mary Henderson. In this same cemetery there is:

John Henderson 1840 ae 50 Wife Elizabeth 1871 ae 72

Eliza Henderson 1870 ae ?

Robert Henderson 1873 ae 70 Wife Margaret 1876 ae 65

Margaret 1876 ae 29

Richard 1876 ae 33

The Moses & Mary Finley family is here as well. The book about Bezaleel Wells mentions that this church starts in 1800.

In the 1820 Federal Census of Jefferson County, Ohio there is a Robt. in Smithfield Township (Pg. 210A) and one in Springfield Township (Pg. 248). One is buried in the Zion ME Church in Ross Township, Jefferson County, Ohio buried 1888 at age 75 with wife Jane.

Robert named a son Alexander and in the WRHS book, "Naturalizations 1802 -1852 Westmoreland County, PA" there is an Alexander Henderson who was a native of Ireland and was living in the uSA between June 18, 1798 and April 14, 1802. He is granted citizenship Nov. 24, 1813 and this states that he has lived in the PA for 10 years.

Henderson - Ancestry 2

The eldest of all twelve children of Robert Henderson (1740 - 1813) (Ancestry - 1) was his namesake, Robert Henderson (1758 - 1837) (Ancestry - 2). He married Elenor (Ellinor) Finley (1758 - 1839), from County Tyrone, Ireland, in 1784. They were the parents of ten children - five daughters and five sons, born in Ireland between 1786 and 1802. This extended Scotch-Irish Henderson family sailed from Liverpool, England on a ship that arrived at Philadelphia in 1804. The family then traveled across Pennsylvania to Coshocton County in Ohio to settle. Elenor Finley (1758 - 1839) and Robert Henderson (1758 - 1837) were the parents of these ten children, all born in Ireland (before most of the family emigrated to America): Elenor Henderson (1786 -); Jane Henderson (1789 -); John Henderson (1790 - 1840); Prudence Elliott nee Hendersson (1791 - 1853); William Henderson (1792 - 1866); George Henderson (1793 - 1865); Nancy Henderson (1795 -); Ann Henderson (1796 -); Alexander Henderson (1798 -); and, Robert Henderson (1802 - 1873).

Birth: 1805, Northern Ireland
 Death: Feb. 8, 1886
 Allamakee County
 Iowa, USA

Alexander Campbell was the son of Alexander and Margaret (Johnston) of Antrim County Ireland. Records show they had four sons: James, born in 1794, Samuel, Alexander, born in 1806, and Andrew, born in 1810. All four sons emigrated to the United States, locating in Indiana County Pennsylvania. He married Elizabeth Henderson who was born February 25, 1808 and died November 16, 1843 or 1847 in Pennsylvania. Their children were Alexander Johnston (1834), Letitia (1835), Margaret (1837), Mary Jane (1839), John H. (1840), and Elizabeth (1842). After Elizabeth's death Alexander married Sarah Ramsey in 1855. Sarah's obituary states the date as February 14, 1855, but a copy of the marriage certificate in her Bible shows the date of marriage as May 20, 1855. Their children were Hugh Calvin (1856), Sarah (1857), James (1858), Samuel (1859), and William (1862). James died as a child. In 1866, Alexander and Sarah left Indiana County, Pennsylvania because they felt their 135 acre farm was not large enough to divide between their children. Alexander chose to settle near Rossville, Iowa because there were springs on each of the farms he had chosen for his sons so they would have a water supply just as they had in Pennsylvania. The area was hilly and wooded, reminiscent of Pennsylvania. Alexander Campbell died February 8, 1886

I'm thinking Chef Meg needs to post more veggie-based recipes, instead of high-cal desserts. My suggestion: Spicy Thai Eggplant; one of my take-out favorites. And, what parts of the eggplant are sure how to prep eggplant. That funny looking aubergine! - 8/28/12

Although most areas received more, Bartholomew county farmers were happy over the amount of precipitation they received.

30,000 Truck Drivers Strike

NEW YORK (UPI)—Some 30,000 truck drivers went on strike today, crippling businesses in the New York area and threatening widespread unemployment.

The drivers, members of the AFL teamsters union, walked out following a breakdown in negotiations shortly before midnight. Reps. representatives of the union's Local 807 rejected an 11th hour proposal by Mayor Robert F. Wagner.

The deadlock developed when the drivers stuck by their demands for a 25-cent-an-hour "package" increase. The companies held to their offer of 10 cents an hour. Present wages are \$2.21 for tractor-trailer drivers, \$2.06 for ordinary truck drivers and \$1.77 for helpers.

well below that of the presidential years and if there is not a good gain in total registration, there is believed little chance this fall's vote will come near that of two years ago—in spite of strong campaigns waged by Rep. Sunny Skies, 15 Volunteers Cool Nights Predicted For Duty in A

The rains still lingered overnight and parts of Indiana are expected to get light showers today, followed by sunny skies on Sunday and Monday, according to the weather bureau. Rainfall in Columbus overnight totaled almost a quarter inch—21.

Continued cool temperatures are predicted for tonight and Sunday, with lows of 38 to 40 tonight and tops of 60 to 62 on Sunday.

The mercury dropped to a chilly 41 degrees in Columbus Friday night after failing to get above the 58 mark during the day. Rainfall overnight brought total precipitation in Columbus for the week to 2.21 inches.

It was a week of showers and deluges in the state, highlighted by floods in Northern Indiana and a tornado at nearby Franklin.

Starkie county felt the brunt of the floods Friday as the Yellow river crested, and borders of six northwestern counties near the Illinois state line were splashed with overflow from the Kankakee River as its level approached a crest next week 25 per cent higher than it ever reached before.

But the human danger and discomfort waned and the need for evacuation of families from lowland homes dwindled as the flood moved slowly westward from populous areas to rich backland.

South Bend got half an inch of rain during the last 24 hours but other upstate points received only meager showers.

In addition to his regular duties and political for the election of a Republican Congress, Mr. Eisenhower plans to make four appearances before the election—three of them away from Washington. He also must begin work on the legislative program he will submit to Congress in January.

His schedule today included a meeting with Pakistan Prime Minister Mohammed Ali followed by a lunch with the visiting dignitary.

Cries Farmers' Plight In his Indianapolis speech, Mr. Eisenhower said farmers had suffered a "steady decline" under the farm law enacted by previous Democratic administrations.

"Yet some would have our farmers believe that in the future this law will do what it has failed to do in the past," he declared.

He said Democrats had been able to postpone the "inevitable day of reckoning" as far as the

American farm returned by law of World War II. Now, he said, the farmer has a farm to raise and not a war to win.

Benson Blame Secretary of Agriculture Benson followed a theme in a speechville. Wis. He said the farmers were the responsibility of predecessors who program "with their eyes and without their hands."

He said the high maintenance of the "provided a dead end that exploded into flames."

Democrats continue victory for their next month Sen. E. A. (Kyk) chairman of the Senate Rural Committee predicted in Louisville the Democrats are able to postpone the "inevitable day of reckoning" as far as the

cal area was broken as the community received two inches of rainfall during the week. The rains reduced the fire hazards in the rural areas and gave some relief to water-starved wells. A. V. Keessling, county agricultural agent, said yesterday the area has had enough rain for about ten days. A dry spell is needed now to give farmers an opportunity to get wheat in the ground. Although most areas received more, Bartholomew county farmers were happy over the amount of precipitation they received.

NEIGHBORING FRANKLIN was hit by a tornado. A young mother was killed and her baby, delivered following her death, failed to live. A Hartsville man was also seriously injured in the storm.

CORNERSTONE LAYING CEREMONIES were conducted at the new high school physical education building. Although the program was sandwiched in between a couple of rainstorms late Thursday afternoon a crowd of more than 100 persons turned out.

BARTHOLOMEW COUNTY chapter of the Foundation for Infantile Paralysis received an allotment of \$3,400 from the national foundation to be used in the local program of aiding polio victims.

PARTICIPANTS IN THE ANNUAL Pioneer Days festival counted their money and reported the grand total profit would approximate \$12,000, half of which will go for equipment for the new eastside youth building.

DR. JOHN W. FOUST, WELL-known Hawkecreek township veterinarian, and former sheriff of Bartholomew county, died.

THE COLUMBUS HIGH school football team engaged in a thrilling battle with the Howe Hornets of Indianapolis which ended in a 20-20 tie. Fans reported it was the best game of the season.

ANOTHER WEEKEND IS AT hand. Traffic will be extra heavy in the area with the Brown county landscape changing color. If you venture out on the highways drive with care. Consider the rights of the other fellow and observe the traffic rules. Be back at work on Monday morning.

30,000 Truck Drivers Strike

NEW YORK (UP)—Some 30,000 truck drivers went on strike today, crippling business in the New York area and threatening widespread unemployment.

The drivers, members of the AFL teamsters union, walked out following a breakdown in negotiations shortly before midnight. Representatives of the union's Local 607 rejected an 11th hour proposal by Mayor Robert F. Wagner.

The deadlock developed when the drivers stuck to their demands for a 25-cent-an-hour "backlog" increase. The companies held to their offer of 10 cents an hour. Present wages are \$2.40 for tractor-trailer drivers, \$2.00 for ordinary truck drivers and \$1.75 for helpers.

well below that of the presidential years and if there is not a good gain in total registration, there is believed little chance this fall's vote will come near that of two years ago—in spite of strong campaigns waged by Rep. Earl Wilson and his Democratic opponent for Congress, Wilfrid Ulrich, and the fact that a Columbus man—Albert E. Schumaker—is the Democrat candidate for joint state senators, 3,000 Registered.

The Democrats have estimated they registered more than 3,000 persons through deputy registration clerks. But this number included many who moved since the spring primary and were actually transfers and not new registrants. The total also included many duplications, which are now being weeded out by registration clerks.

Sunny Skies, 15 Volunteers Cool Nights Predicted For Duty in A

Begin 2-Year Hitches as the County's October Draft Quota.

The rains still lingered overnight and parts of Indiana are expected to get night showers today, followed by sunny skies on Sunday and Monday, according to the weather bureau. Rainfall in Columbus overnight totalled almost a quarter inch—21.

Continued cool temperatures are predicted for tonight and Sunday, with lows of 35 to 40 tonight and tops of 60 to 62 on Sunday.

The mercury dropped to a chilly 41 degrees in Columbus Friday night after failing to get above the 58 mark during the day. Rainfall overnight brought total precipitation in Columbus for the week to 2.21 inches.

It was a week of showers and deluges in the state, highlighted by floods in Northern Indiana and a tornado at nearby Franklin.

Starkie county felt the brunt of the floods Friday as the Yellow river crested, and borders of six northwestern counties near the Illinois state line were splashed with overflow from the Kankakee River as its level approached a crest next week 25 per cent higher than it ever reached before.

But the human danger and discomfort waned and the need for evacuation of families from lowland homes dwindled as the flood moved slowly westward from populous areas to rich muckland.

South Bend got half an inch of rain during the past 24 hours, but other upstate points received only milder showers.
